Join us for an

ONLINE

ORGANIZING MEETING

Why should you join in?

Because when we organize, we win.

Together, we make sure our voices are heard, our workplaces are respected, and our union stays strong.

This is your chance to get involved!

The future of our union depends on members like you stepping up, staying active, and helping us grow!

This creates greater opportunities for employment and growth for our membership.

At this meeting we'll talk about:

- Why and How you can get involved
- Why continuing to organize makes our union stronger
- How new organizing brings better contracts, wages, and protections
- What you can do to support workers who want to join us
- The power of solidarity — how every member matters
